FAO S Donophy

Your ref: APP/21/00930 | Relocation of existing temporary office and community units plus associated works, to have a lifespan of approximately 3 years. | Northney Marina, Northney Marina, Hayling Island
Our ref: 368230

Thank you for consulting us on the above application

Based on the plans submitted, Natural England considers that the proposed development will not have significant adverse impacts on designated sites and has no objection. The units and the proposed relocation sites are within an active marina and are not immediately adjacent to designated sites is therefore unlikely to result in adverse impacts from increased recreational disturbance.

Kind regards
