Dear Sir,

Footpath to front of, Co-op, 140 Elm Grove, Hayling Island, PO11 9EH

Application to determine whether prior approval is required for a proposed 5G telecoms installation: H3G Phase 8, 15m high street pole c/w wrap-around cabinet and 3 further additional equipment cabinets.

Thank you for consulting the Highway Authority on the above planning application.

The Highway Authority note that this is a new application however our previous comments from the previous application (Planning reference: APP/21/00784) haven't been addressed. Therefore, the Highway Authority again recommend refusal for the proposed 5G mast and associated equipment cabinets outside the Co-op due to the following reasons:

- The applicant has not demonstrated that visibility will not be obstructed for vehicles exiting Tournurbury Lane
- The Highway Authority have concerns with the obstruction to the footway for pedestrians and safety concerns for pedestrians with the utilities creating a 'slalom' affect for pedestrians with the existing lamp column in place
- Proposed cabinets will block access to Sheffield bike stands hindering the encouragement of sustainable transport

*Director of Economy, Transport and Environment
Stuart Jarvis BSc DipTP FCIHT MRTPI*

Yours faithfully,

Sophie Osborne
