Dear Sirs ,

210 Dunsbury Way, Havant, PO9 5BQ

Erection of 1No. end of terrace 2 bed dwelling with associated parking and accesses for 210 Dunsbury Way and the proposed dwelling off Dunsbury Way and High Lawn Way.

Thank you for the re-consultation for the above application. The Highway Authority would like to make the following comments.

Confirmation has been provided regarding the location of the two new drop kerbs. The Highway Authority note that the proposed drop kerb located on Dunsbury Way will result in the loss of one parking space on the road. However, given that the drop kerb on Dunsbury Way will result in a net increase of one parking space this is acceptable. However, the Highway Authority note the lamp post and bollard, which are located within the drop kerb area but are not shown on the location plan, these should be added to the plan and indicated if removal is needed. If removal of these is needed then this would cause for a minor S278.

Furthermore, more information regarding the drop kerbs is needed. This should include the length of the drop kerb, and the visibility splay. For more information on visibility splays please see Hampshire County Council Technical Guidance TG3 using the following link. [Microsoft Word - TG3 Technical Guidance Note - Stopping Sight Distances and Visibility Splays \(A1001001A17F05B10508J50123\)1.docx \(hants.gov.uk\)](#)

*Director of Economy, Transport and Environment
Stuart Jarvis BSc DipTP FCIHT MRTPI*

Additionally, it is recommended to the applicant that they should be made aware that subject to any planning permission being granted by the Local Planning Authority, a subsequent agreement will need to be granted by HCC as Highway Authority to undertake the drop kerb works on the Highway. Details of this procedure can be found via the following link <https://www.hants.gov.uk/transport/parking/droppedkerbs>

The Highway Authority therefore require the additional information before a formal recommendation can be given.

Yours sincerely,

Zara Rogers
