Categories: Yellow Category

Dear Mrs Lealan

APP/15/01233: Land adjacent to Fulflood Road, Havant: Erection of approx 1,920sqm of Warehouse, 890sqm of office space and a 220sqm training school facility with associated enclosed loading areas, car parking and refuse storage

Thank you for your consultation. Having checked through our records it appears that the site is located in an area of low archaeological potential and from its current condition, appears to have been impacted extensively by modern development. As a result of these two factors I would not wish to raise any archaeological issues in this instance.

Yours sincerely,

Neil J. Adam BA ACIfA
