Dear Sir,

NatWest, 21- 23 West Street, Havant, PO9 1EU

Installation of 1No. illuminated 55" digital screen to rear of glazing.

Thank you for consulting the Highway Authority on the above planning application. The Highway Authority wish to make the following comments.

The applicant is proposing to install 1 55" internally illuminated sign with illuminance levels of 800 cd/m². Due to the light source not being visible to road users and vehicles, the Highway Authority are satisfied that the greater than acceptable luminance levels will not act as a distraction to road users.

Having regard to the above, the Highway Authority can confirm that the above planning application will not have a detrimental impact on the wider highway network and therefore provide no objections.

Yours faithfully,

Sophie Osborne
Assistant Transport Planner – Highways Development Planning
