Commenter Type: Complainant

Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: The Design statement is incorrect in that the adjoining property is not No 9 Delius Walk but No 10 Delius Walk.

Owning No 10 Delius Walk my main concern is the integrity of my roof and the the potential impact that may occur as a result of the proposed building works. Access via my roof and possibly, my garden, are likely to be required to complete this extension. I require assurances and tangible confirmation that no detrimental outcomes will be experienced by my property, particularly my roof, as a result of the stated building works.

Insufficient parking is already a significant issue as a result of the number of vehicles associated with properties in the immediate vicinity, consideration is required to provide additional parking in the both the short and longer term.
