Bee,

Following discussions with the client we would like the planning application for the replacement of the site windows and doors at Watermill Court, Havant (APP/16/00814) be withdrawn at this time. We will wish to resubmit the application under the same fee in the near future once we have collated the necessary additional information requested by the conservation officer.

Regards

Richard Haughton BA/BSc Hons

Importance: High

Dear Mr Haughton

Further to our recent telephone conversation, please see below original email sent to Mark Cynrik with respect to the above application.

It would be much appreciated if you could forward the information and let me know who is dealing with this application, so I can liaise directly with them.

Thank you for your assistance and I look forward to hearing from you.

Kind regards

Bee Crawford

Dear Mr Cyrnik

I refer to the recently submitted application for the above site.

Please find attached the comments received from the Council's Conservation Consultant with respect to the application for replacement windows and doors.

Taking these comments into account and following a subsequent discussion with my Line Manager, it is unlikely the current application would be supported.

Given the scope of revision required, you may wish to consider withdrawing the current application and resubmitting at a later stage. The new application would need to incorporate detailed information of the new windows to include metric dimensions, materials, colour and a section drawing and further information to clarify whether any previous maintenance has been undertaken.

Any new application would need further consideration from the Council's Conservation Officer to assess the acceptability of the scheme.

I look forward to hearing from you.

Kind regards

B A Crawford
