Tina there was a previous application for a dwelling on this site in 1991. I am not sure what this application is for but I am treating it as a application for a new residential dwelling on land adjacent to 45 Hulbert Road with access taken from 45.

Formal Response

The Highway Authority has no adverse comment on this application provided a plan is submitted showing the route of the driveway through 45 to the public Highway. I would suggest to the Planning Authority that they condition the provision and retention of two parking spaces plus cycle facilities in order to accord with the HBC car parking standards
