Dear Sirs,

190A London Road, Waterlooville, PO7 7AN

Installation of dropped kerb

Thank you for the consultation for the above application. The Highway Authority would like to make the following comments.

The Highway Authority in principle have no objection to the above application. However, it is noted that there is an existing drop kerb to the North East of the site. If the proposed drop kerb is to be an extension of this existing drop kerb, this would require a minor S278 agreement, due to the overall length being greater than 10m. If plans can demonstrate that the new proposed drop kerb is not connected to the existing drop kerb, which would result in the formation of a new access, visibility splays would need to be provided. For more information on visibility splays please see Hampshire County Council Technical Guidance TG3 using the following link. [Microsoft Word - TG3 Technical Guidance Note - Stopping Sight Distances and Visibility Splays \(A1001001A17F05B10508J50123\)1.docx \(hants.gov.uk\)](#)

Furthermore, it is recommended to the applicant that they should be made aware that subject to any planning permission being granted by the Local Planning Authority, a subsequent agreement will need to be granted by HCC as Highway Authority to undertake the drop kerb works on the Highway. Details of this procedure can be found via the following link <https://www.hants.gov.uk/transport/parking/droppedkerbs>
