Dear Sirs ,

**Land at, Bartons Road, Havant - Prior Approval Application for
Telecommunications cell site and compound - installation of 1No. 17.5m
monopole with antennas, 3no. equipment cabinets and associated ancillary
works thereto**

Thank you for the consultation for the above application. The Highway Authority would like to make the following comments.

The location of the proposed monopole and associated works fall within the Highway boundary, and are located in front of a vehicle restraint system (crash barrier). As per Hampshire County Council Technical Guidance, TG14, both the working width and the traffic side of a barrier shall be free from all street furniture. Furthermore, there is the need to be able to access the barrier for maintenance which requires a 1m clearance. These requirements cannot be achieved with the location of the proposed monopole and equipment cabinets.

Additionally, the proposed monopole and cabinets will fall within the visibility splay of the pedestrian crossing on Bartons Road, which raises a Highway Safety Concern.

The Highway Authority therefore object to this application for the above reasons.

Yours sincerely,

*Director of Economy, Transport and Environment
Stuart Jarvis BSc DipTP FCIHT MRTPI*
