Subject: APP/14/00510 - Dolphin Quay

I wish to object to the Dolphin Quay proposal:

- 1 it would spoil the historic view of East Street from Slipper Mill pond
- 2 I do not accept that the site cannot be let at a reasonable rate for commercial use. As a business investor I have not seen it advertised (and would be interested if it was available)
- 4 the proposal for an underground car park seems inappropriate in a flood-risk area

Thank you
