What are your thoughts on the proposals:

I think the two houses overlooking Dolphin Quay are inappropriate.

① They are too big and dominate the vista

② They are finished inappropriately -
I think a traditional finish like
Chequers Quay would be more
pleasing

What are your thoughts on the proposals:

Re North Elevation is much better than other development. But still Roof height is rather extreme, with pitched roof, would like Doric windows to lower the height looking South, opposite Queen St Properties.

Plint finish could carry on to the other sides, rather than rendering.

North elevation coming up the harbor I find is very severe with such high pitched windows all Glass. prefer something more "tasteful".

What are your thoughts on the proposals:

Less offensive than previous scheme, but still need to prove change of use. Flooding is still an issue and scheme doesn't show all flood defence measures.

Do not like the 2 different styles. They have no correlation and would result in a visually weak architecture. REFUSE !!

What are your thoughts on the proposals:

Ugly, industrial style
houses & no marine
connection — why not
install a small Emsworth
maritime museum on the
old quay?

Altogether v. disappointing
& doesn't enhance
Emsworth.

What are your thoughts on the proposals:

In the whole it would seem to be a good scheme. The site as it is is an eyesore and this proposal seems appropriate to the area,
