

Havant Borough Council

GEN/15/00796

Development Consultation Forum – Proposal Feedback Form

Site Address: Land south of Bartons Road

HAVANT BOROUGH
COUNCIL

24 SEP 2015

RECEIVED

Please record below any issues or questions that you feel should be brought to the attention of the developer and the planning authority prior to the submission of an application.....

How will the swale and the trees on the western side of the site be managed?

What provision is being made for GP/Gover?

The current wait for an appointment at Bosmere Practice is 2-3 weeks.

The closest practice is at Havant Health Centre.

The walking times given by the architect for the Forum were totally unrealistic. It would be a fifteen minute walk to the bus stop in Southleigh Road.

The local residents will require a further presentation by the developer and probably further site of plans when the builder submits his plans.

Please return this form to David Eaves, Development Control, Havant Borough Council, Public Service Plaza, Civic Centre Road, Havant PO9 2AX.

If you wish to be notified of the receipt of the application for the development considered by the Forum please complete below:

Name Mrs Suzanne Holtroyd
Address 20 Fuchsia Close Havant PO9 2FR
