Address: Public Service Plaza, Civic Centre Road, Havant PO9 2AX

Email: EHEnvironment@havant.gov.uk

On Behalf Of: Environmental Health Manager, Community Group

Comments

Notwithstanding the limited material planning matters in considering a solar installation under permitted development rules, I would like to express support for this scheme on general Air Quality Grounds.

Zero Carbon energy generation displaces energy generated by means of combustion processes, and contributes to non-local emissions reductions & helping to improve general background air quality.

My colleagues will be looking at this application from the perspective of amenity & light pollution, and may make further comments under separate cover. The support expressed here should not prejudice any objections or negative comments arising from my nuisance / amenity focussed colleagues.

(JD - Environmental Control Officer)
