Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: My husband and I live directly opposite the proposed development. Our house is in the end of the terrace and subsequently our garden surrounds the house and butts up with the pavement all the way round. The development will obviously take place over this summer and every day will be noisy. Having no back garden to retreat to we will have noise from the building work in the garden and house, if the windows are open all summer. We must accept that but what we are really concerned about is music played by workmen. That is totally avoidable and we are not prepared to accept it. We are both retired and are at home most days. Please can we request that no music is played by workmen during the building of the proposed extension at 11 Kings Road PO10 7HN
