Comment Details

Commenter Type: Complainant

Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: No objection in principle but if the person/s who permitted that outrageous sign fixed at high level to the corner of the property still works for the Council -their position with the Council needs to be considered !

If a retrospective objection can be lodged I would like to do so on the basis that it is completely out of keeping with surrounding properties.

At the same time the Council should review the number of roadside advertising signs that have been allowed to grow like weeds in that area even covering up road names.
