

APP/16/00140 The Richard Cobden Public House, 74-76 West Street, Havant

Thank you for your consultation. Having looked at the plans closely I don't think that the proposed ground works would be of sufficient scale to expose any archaeological features or deposits that could be meaningfully interpreted and so on this occasion I would not see the need for an archaeological condition.

Yours sincerely,

Neil J. Adam BA ACIfA

Senior Archaeologist
