Amendments

The image consists of two parts. On the left is a perspective architectural rendering of a long, single-story commercial building with a light brown facade and a series of large, dark-framed windows and doors. The building is set against a blue sky with white clouds and several birds in flight. In the foreground, there are green trees, a low brown wall, and a few parked cars. On the right is a site plan diagram showing a rectangular plot of land divided into several smaller rectangular units. Red lines and letters (A, B, C, D) are used to delineate specific areas within the plot. The diagram is a technical drawing showing the layout of the development.
