Double sided totem sign.

Two faces of the sign to have individual lightboxes with acrylic face panels, set in to display tenant logos.

Visible face size of tenant logo panels is 2340 x 495mm.

Header panel to be aluminium, with back illuminated lettering and domed logo device at the edge. text appears black when unlit and white when lit. Dome logo to be back illuminated.

All illumination to be by LED modules (Tridonic or similar)

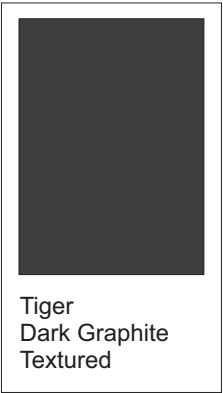

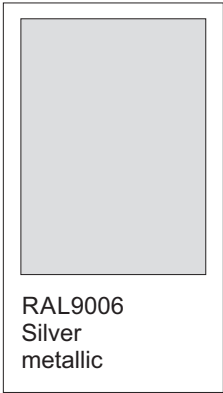

Internal structure to be formed in galvanised steel.

Tara Signs will drill and bolt into existing concrete base, or supply ground cages to be set into concrete base.

Concrete base to be installed by others.

Access to update tenant names/logos is from the front of the sign.

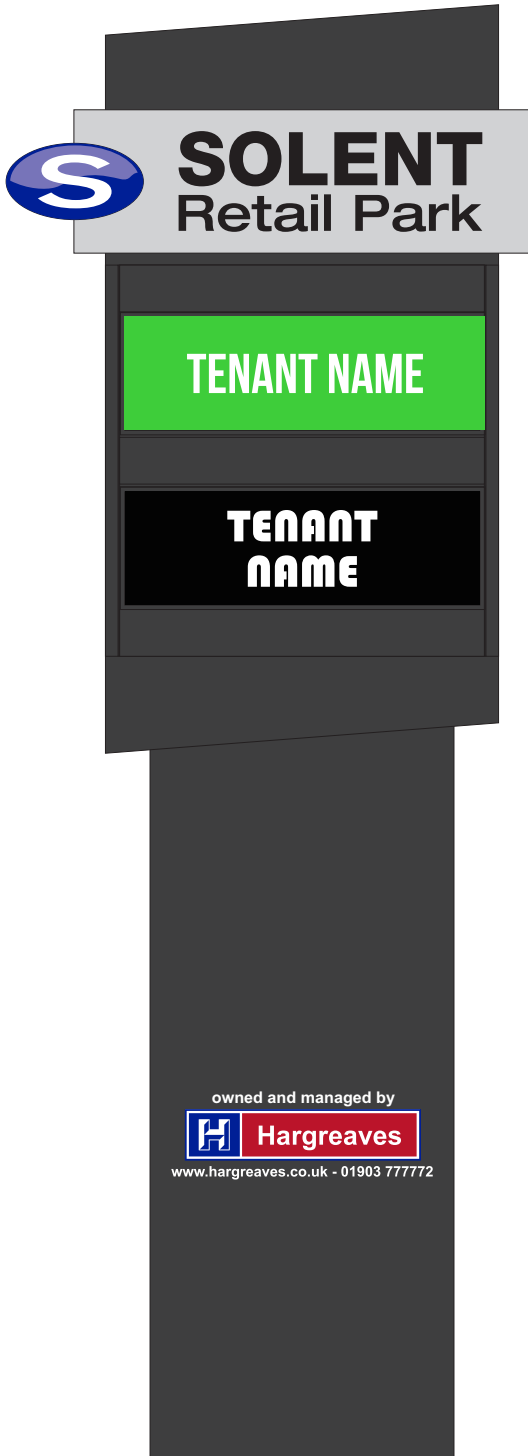

Colours

2 infill panels

3 infill panels

Sign to be adaptable to allow two or three tenant logos. The individual logos can be removed and refitted as shown.

Infill panels to be used to blank off area where third tenant logo was.

The infill panels will be manufactured at the same time as the sign and if not required initially they will be stored inside the sign at the base. This ensures an accurate colour match and fit for when changes are required.
