Daphney

Reviewing this planning application I'm very disappointed with location of the proposed bin store, can a 26tonne refuse vehicle be used on the block paving to access this are without causing damage? The distance required to pull the bins to the London Road is totally unacceptable, unless access is made available from Latchmore Forest Grove which would help resolve the potential challenge of waste collection at this location?

Thank you.

The only concerns that I have over waste collection is that suitable and sufficient bin storage and location in relation to affecting collections /access with a 26 tonne vehicle is taking into consideration as part of this planning application.

Thank you.
