Hi Simon

The requirement for a Sequential Test as per the EA consultation response given its location in FZ2 has been met in the FRA due to the location's relationship with surrounding development as part of the wider MDA. The advice regarding floor levels has been addressed.

I therefore have no additional comments regarding drainage to make.

Best wishes

Hi Steve.

Any idea when you might be able to get me a response with regard to the surface water drainage relating to the subject site?

Kind regards

Simon Kennedy
