

The tree report is now at an acceptable standard and can be considered fit for purpose.

No tree removal is required to facilitate this project and provided that the methodology prescribed in this MS & TPP report is strictly adhered to (inclusive of site monitoring works) the off site Ash tree will survive the development unscathed and to continue to grow on safely and healthily in the future.

Therefore I have no objections to this scheme in arboricultural terms.

Thanks
Jamie Gargett
Tree Officer
