Subject: APP/15/01148: 38 Skylark Avenue, Emsworth FAO Mrs K Wooden

Categories: Jobs To Do

Dear Mrs Wooden,

APP/15/01148: 38 Skylark Avenue, Emsworth: Single storey conservatory to rear elevation

Thank you for your consultation. The site is located within an area that was the subject of both a geophysical survey and a geoarchaeological evaluation in 2010. These surveys established that the area is occupied by an area of former beach head and brickearth deposits which have good archaeological potential. However, due to the very small scale of ground works associated with the proposed development, it is highly unlikely that any meaningful archaeological features or interpretable deposits would be exposed. I would therefore no wish to raise any archaeological issues in this instance.

Yours Sincerely,

Neil J. Adam BA ACIfA
