

APP/14/00065 3 Grove Road, Havant: Construction of 1No. 2 bed detached house with new opening in wall to provide pedestrian access from Twittens Way.(Approved 01.04.14). Request to Discharge Condition No.2 (Approved 25.01.2016). Request to Discharge Condition Nos 3, 4, 8, 9, 10 (01.03.2016)

Thank you for your consultation. I would draw your attention to the *DISCHARGE OF CONDITION - ARCHAEOLOGICAL ASSESSMENT* that is included among the documentation attached to the above application on your website. I can advise that this Written Scheme of Investigation (WSI) fulfils the requirements of Condition 8 that has been attached to the planning permission issued in response to application APP/14/00065. I would therefore have no archaeological objection were the planning officer to discharge Condition 8 at this time.

The discharge of Condition 9 and 10 will need to await the outcome of the archaeological evaluation to see if further mitigation is required, while the discharge of Condition 10 will need to await the production of either a report on the results of the evaluation or the preparation of a post-excavation assessment of the results of any later excavations which would commit the developer to producing a final report fit for publication and public dissemination.

If you have any further queries, then please do not hesitate to contact me.

Yours sincerely,

Neil J. Adam BA ACIfA

Senior Archaeologist
