Comments

Thank you for the opportunity to comment on the associated application.

The only potential grounds for objection from a Traffic Management perspective is the absence of accompanying parking spaces in accordance with the guidance promulgated in the relevant Supplementary Planning Document. For this reason, it is requested that provision is made for a sum not less than £3000 to be set aside to allow a TRO (Traffic Regulation Order) to be processed on the surrounding adopted road network to mitigate unsafe or obstructive parking practices that may result from displaced parking problems within a period of 5 years from the completion of the development.
