Dear Sir / Madam

We are in receipt of the above application to crown reduce one Oak by 1.5m subject of TPO 0567.

On visiting the site I met with the owners who produced the technical letter from B. Maule & Co who have stated in their correspondence that a 4m Crown Reduction to this tree is required to reduce further soil movement in the area.

The owners are requesting that the current application for a reduction of 1.5m is withdrawn and that a new one for a 4m is submitted.

Are you able to confirm that this is acceptable to you?

If you could please reply at your earliest convenience that would be appreciated.
