FAO: Tina Pickup

Dear Tina,

I have reviewed the additional information submitted to resolve the ecological concerns. Unfortunately, the applicant has not carried out a satisfactory ecological impact assessment, based on robust evidence. We are therefore unable to confirm that this proposal would not lead to a likely significant effect on the SPA, and so our previous response remains until that assessment has been carried satisfactorily.

If you have any queries, please don't hesitate to contact me.

Warmest wishes,

Francesca Sanchez
