Our Ref

PLAN-011825

Date

30/11/2015

Dear Sirs,

Proposal: Erection of 1No. two storey two bed house at end of terrace.
Site: 47 Dockenfield Close, Havant, PO9 3ST.
APP/15/01200

Thank you for your letter of 10/11/2015.

Please find attached a plan of the sewer records showing the approximate position of a public surface water sewer within the site. The exact position of the public sewers must be determined on site by the applicant before the layout of the proposed development is finalised. Please note:

No development or new tree planting should be located within 4 metres either side of the centreline of the public sewer and all existing infrastructure should be protected during the course of construction works.

No new soakaways should be located within 5 metres of a public sewer.

The submitted plans show that the proposed development lies over public manhole and close to a sewer not shown on public records. Please note that no new development or new tree planting is allowed within 3 metres of the public apparatus.

Any amendments/ diversions of the public apparatus (including moving the public manhole) need to be dealt with under Section 185 WIA process. For further advice, please contact Southern Water, Sparrowgrove House Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk.

Furthermore, due to changes in legislation that came in to force on 1st October 2011 regarding the future ownership of sewers it is possible that a sewer now deemed to be public could be crossing the above property. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its condition, the number of properties served, and potential means of access before any further works commence on site.

The applicant is advised to discuss the matter further with Southern Water, Sparrowgrove House Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk.

Southern Water requires a formal application for a connection to the public foul sewer to be made by the applicant or developer.

We request that should this application receive planning approval, the following informative is attached to the consent:

"A formal application for connection to the public sewerage system is required in order to service this development, please contact Southern Water, Sparrowgrove House Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk".

The Council's Building Control officers or technical staff should be asked to comment on the adequacy of soakaways to dispose of surface water from the proposed development.

Yours sincerely
