n.a

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

T2 Oak
Works- Crown Reduction of 1.5m
Reason - The property is suffering movement/damage identified by engineers as being due to clay shrinkage subsidence and the above tree has been recommended for an overall crown reduction by 1.0 – 1.5m to restore stability. Oak roots have been recovered from below the foundations in a plastic clay soil of high plasticity/volume change potential which from the soil test results were found to be desiccated. Monitoring shows cyclical movement consistent with vegetation influence confirming the cause of damage as vegetation induced clay shrinkage subsidence.

8. Trees - Additional Information

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)
