Dear Stephen Andrews,

I wish to comment on App 14/00568 Land to the West of Wade Lane.

Having walked passed the fields for most of my life and the last 15 years with my dog, it would be a shame not to see Horses in these fields.

So I am in agreement that the proposed Stables are passed, having said that, I hope the area is kept neat and tidy as the present occupants have over the many years they have grazed their horses and I see they have planted some trees which have enhanced the area.

Yours sincerely,

Richard Germain
