Afternoon David

APP/16/00107 Car Park adjacent to The Wheatsheaf, Bramdean Drive, Havant

Further to our earlier discussion regarding the above application, I confirm that the resubmitted drawings sufficiently address all of my comments previously raised.

In order to resolve the neighbouring resident's concerns regarding the close proximity of 2no Sorbus aucuparia 'Sheerwater Seedling' trees to his property (corner of parking area), I recommend these two trees are omitted and replaced with specimen shrubs e.g. 2no Amelanchier lamarckii or Viburnum bodnantense 'Dawn' (10-15L size containerised plants).

I trust the above is deemed reasonable. Please don't hesitate to call if you've any concerns or queries.

Kind Regards

Michelle Good CMLI
