Subject: RE: PROPOSED UPGRADE OF EXISTING BASE STATION INSTALLATION AT CTIL
130542/VODAFONE 46549 - EXISTING MONOPOLE, FISHERY LANE, SOUTH HAYLING PO11 9NF

Afternoon Daphney,

Just to confirm our earlier conversation:

- As per drawing 501 of the drawings pack, the replacement pole will be timber effect, as per the existing
- Although the issue of conditions on Prior Approval consents is questionable (they are permitted development), I don't have any concerns if you wish to state on the approval notice that the existing pole should be decommissioned within 6 months of the new one being installed. Please also bear in mind that it is condition of all the operators licence that they must remove any equipment or apparatus that becomes obsolete. This is also contained in Part 16 of the GPDO (Condition A.2 (2) (b)).

Hope that helps.

Regards

Alan
