Daph

While I am not entirely happy with the relationship between the proposed garage and the Yew tree the applicant (after discussion/negotiation) has gone some way in reducing the impact in this application and as such I raise no objection to this development. This further separation distance of 1m is now sufficient.

The submitted Arb report should be conditioned and all works carried out in line with the recommendations.

Thanks
J

Jamie

This sketch shows the garage moved 2m forward but in this location it would be too tight to the entrance gates – would you accepted a move forward of 1m?

thanks

Attn D.Haywood

Dear D.

Further to our recent telephone conversation please find attached the sketch discussed. As you can see, this new position for the garage will make it tight to get a car in front of the garage and open doors etc. Perhaps a one metre shift would be acceptable?

Regards

Brian
