Are you wishing to carry out works to tree(s) in a conservation area? ☐ Yes ☒ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s) enter its title or number below

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

One mature Macrocarpa tree to the front of the building, We would like to:

- Reduce in height by 4 metres

- Reduce remaining crown by 2.5 metres and reshape.

This tree has shed limbs recently and I feel it would greatly improve the structure of the tree by having this work done. The branches are also now very close the the building and light into the property is now becoming an issue for the residence.

One mature Oak tree. This tree is at the back of the property in the north west corner.

We would like to:

- Reduce the limbs overhanging the car park area by 2 metres.

- no other works to this tree required.

One mature London plane tree. this is in the north east corner of the property.

We would like to:

Reduce the crown of the tree by approximately 1-2 metres to bring the tree back to the previous pruning wounds.

8. Trees - Additional Information

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)
