Comment Reasons:

Comment: These trees form an attractive back drop to our rear garden which we would be loathe to lose, especially since so many mature trees have been lost in the immediate area in the last few years. Replanting is essential.

The application form is contradictory in its current form - on the one hand they are stated to be disease free and on the other decay is present. Which is it? Being overmature is not a listed reason for felling. If this applied to the human population Emsworth would be deserted!
