Dear sir or madam

I am obliged to respond to some of the complaints made against the above application by traders as well as Battins word councillor, Faith Ponsonby.

I want to make contents of the contents of the application clear so that every complaint can be understood and hopefully remove their anxiety and concern.

I understand and recognize there are some kebab shops around there. All of them have mostly Turkish tradition of food. I also understand that there are also a Chinese and and Indian take away curry shops too.

My new Grill shack will be unique- continental, Indian and healthy preparation of food. Which are totally different "choice" of food for the healthy food eater rather than other existing kebab shop.

Neither Chinese or Indian takeaways curry shops has to worry, because I will not sell any curry in my business.

Furthermore, I have invested money in my shop to serve the community, employ more people and to give the "healthy eater" a unique choice. This will attract more people to the area and hopefully will increase the overall business of the area.

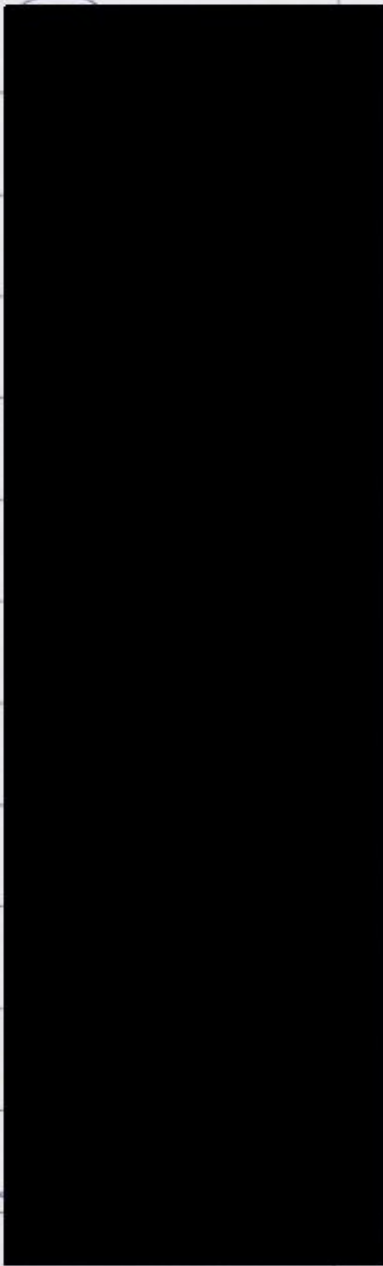

I need your genuine support.

Yours sincerely
Ahmed Ali
