

Planning Statement

55 Southbrook Road
Havant
Hampshire
PO9 1RL

This application is for an amendment to Approved Planning Application APP/14/00700.

Southern Water would not approve a build over of the Public Drain running below the front extension, therefore the proposal is to bring the front extension further forward to accommodate the drain.

The Existing Plans show the existing house without any changes as per the Approved Application, the Proposed Plans show all changes Approved and including the front extension proposed in this application. Page A104 Proposed Floor Plan show outline of Approved Plans and Public Drain.
