Dear Sir/Madam

**RE-CONSULTATION ON DISCHARGE OF CONDITION 9 OF PLANNING
PERMISSION APP/12/00772**

LAND SOUTH OF RANELAGH ROAD, HAVANT

Thank you for consulting the Environment Agency on the above application, which was received on...

Environment Agency Position

We can confirm that the Environment Agency is in a position to recommend the Discharge of Condition 9 for Planning Permission APP/12/00772.

Advice to the Local Planning Authority / Applicant

We have reviewed Soils Limited's Piling Risk Assessment Report for Land South of Ranelagh Road site (reference: 14639/PRA, Rev 1.02, dated February 2015).

We are pleased to see the greater understanding of the risk of turbidity and the inclusion of mitigation measures to minimise the risk of the piling operation impacting on the public water supply abstraction. We welcome the line of communication opened between the consultant and Portsmouth Water.

If you have any queries regarding the information set out above, please contact me on the details below.

Yours faithfully

Miss Verity Giles
Planning Advisor, Environment Agency
