

29th June 2015

Steve Weaver

Havant Borough Council – Planning Department.

Dear Steve,

RE: Hybrid Application: Incorporating a full and outline planning application for a total of 191 dwellings with access from Glenleigh Park, Hallet road, Fifth Avenue and Blenheim Gardens.

REF: APP/12/01222

Further to the planning approval for the above planning application and the release of the conditions relating to the site, I am writing to request discharge of a number of conditions listed below;

Condition 17, Road Construction;

Blenheim Access was completed 18.05.15 and inspected by the Highways department for final signoff.

Condition 24, Access Blenheim Gardens;

As per the above condition.

Condition 29, Contamination;

Please find enclosed the letter of confirmation of clearance of condition from Jonathan Driver.

Condition 30, Continuation;

This is a compliance condition which under the current application all the groundworks has been completed. As the replan area (application No. AAP/14/00767) has the same condition to discharge under the units covered by this application for the avoidance of any confusion in the future I was hoping this condition could be cleared under this application but remain under the application AAP/14/00767

We trust this submission combined with the earlier submitted and reviewed contamination information now completes the discharge process.

However, should you have any further queries please do not hesitate to get in touch.

Yours sincerely,

Technical Project Manager
