

Good Morning Sally

Thank you for the prompt response on these conditions.

The footpath (cond. 14) was seeking confirmation the works are satisfactory, your previous communications have confirmed this, but I wanted to ensure there was no processes I have missed. I am happy to take your advice on the discharge of the condition and I simply want to ensure we have met our obligations.

The underpass (cond. 31) details submitted hopefully captured the essence of the sum of the works.

A list of works are below

Footpaths, cleared and cleaned to remove loose chippings, debris and litter

Walls, cleared and cleaned to remove loose chippings, debris and litter

Walls, Anti-fungal treatment to remove mildew and mould and prevent reoccurrence

Walls, White base coat applied throughout to brighten appearance

Walls, Mural painted

Walls, Anti-graffiti coating applied

Ceiling, cleared and cleaned to remove loose chippings, debris and litter

Lighting, lamps cleaned and any damage repaired

Lighting, faulty lamps replaced

Railings, Scrubbed clean to remove loose chippings, debris and litter

Riverbed, debris removed, litter picked, all non-attached (floating) weed and dead plant life removed following inspection for wildlife.

Information panel

This is the stainless steel musketeer range (left diagram on the information sheet)

Kind Regards

James Messenger
