

An architectural rendering of a two-story residential building with a light orange roof and tan walls. A central cutaway section reveals the interior layout, which includes Bedroom 12, Bedroom 24, Bedroom 2, and a Staff Room on the upper level, and a Dayspace on the ground floor. The building is surrounded by stylized trees and shrubs. A large white box with the word "SUPERSEDED" in bold, black, distressed font is positioned at the top center of the image.
