

PHOTOGRAPHIC CONTEXT

Photographs 1 and 2 show the proposed development site to the rear of 35 Blackthorn Drive, with existing access and parking. The photos show the existing mature landscaping to the south and west of the site which would be retained.

Photo 3 shows the rear elevation of 35 Blackthorn Drive and the existing close boarded fence which will be retained. Photo 4 shows the development site with dead end road in front and terraced bungalows opposite.

Photo 5 shows the terraced bungalows opposite whilst photo 6 shows the existing relationship between bungalows and two storey dwellings within the street scene and the general variety of architectural form.

7.

8.

Photo 7 shows 35 Blackthorn Drive, to be retained. To the forefront of the picture is the existing dropped kerb that would be used to provide vehicular access to the front of 35 Blackthorn Drive. Photo 8 shows the two storey dwellings along the front section of Blackthorn Drive. The photo also shows the unrestricted parking along Blackthorn Drive.
