Are you wishing to carry out works to tree(s) in a conservation area? ☐ Yes ☐ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

Dear Davis

Highway Tree Enquiry

Thank you for your enquiry regarding tree(s) within the Highway.

County Highway policy requires the management of highway trees for reasons of safety, or where damage has occurred or is likely.

Unfortunately, we are not normally able to carry out pruning for reasons such as to reduce shade, remove branches overhanging gardens, improve television reception, clear telephone lines or open up views.

Adhering to the above policy, we are also unable to carry out pruning works to prevent naturally occurring and seasonal debris such as leaves, seeds, fruit, honey dew, small twigs and small branches.

Should you wish to carry out pruning to Highway trees, where branches overhang your property, you may do so given the following provisos:-

- branches may not be cut beyond the property boundary;
- the nature of the pruning must not be such that significant damage is caused to the tree (eg large cuts can result in decay leading to further safety concerns),
- you have the responsibility for checking that a tree is not protected by a Tree Preservation Order or within a Conservation Area. Please contact the local District Council Planning Department,
- I would be grateful if you could dispose of the small amount of arisings,

..over/
