Applicant's name

Mr G Turner

Why you think permission should
or should not be given

I Support this planning application. I consider that the new health and fitness facility will be of enormous benefit to the established local community - as well as the occupants of all the new housing already built and being proposed locally - probably around 800 new homes. I am fully in support of Mr Turners Application. We have many new people living in this area, and a local fitness and health centre can only be of benefit to the community.
