Dear Sir

Proposal: Conversion of existing garage to living accommodation; erection of single detached garage.

Site: 3 Marrels Wood Gardens, Purbrook, Waterlooville, PO7 5RS.

APP/15/00948

Thank you for your letter of 11/09/2015.

Southern Water requires a formal application for a connection to the public foul and surface water sewer to be made by the applicant or developer.

We request that should this application receive planning approval, the following informative is attached to the consent:

"A formal application for connection to the public sewerage system is required in order to service this development, Please contact Southern Water, Sparrowgrove House, Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk".

Please find attached a plan of the sewer records showing the approximate position of surface water sewer crossing the site. The exact position of the surface water sewers must be determined on site by the applicant before the layout of the proposed development is finalised.

Please note:

-No development or new tree planting should be located within 3 metres either side of the centreline of the surface water sewer.

- No new soakaways should be located within 5 metres of a public sewer.
- All existing infrastructure should be protected during the course of construction works.

Furthermore, due to changes in legislation that came in to force on 1st October 2011 regarding the future ownership of sewers it is possible that a sewer now deemed to be public could be crossing the above property. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its condition, the number of properties served, and potential means of access before any further works commence on site.

The applicant is advised to discuss the matter further with Southern Water, Sparrowgrove House, Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk.

Yours sincerely
