Subject: RE: Land Lying to the South of Long Copse Lane Emsworth Hampshire PO10 7UR

Dear Ms Burns,

The Design and Access Statement for APP/14/00064 states that

The Countryside Access Team together with the Highways department of Havant Borough Council have prescribed a gravel surface as being most appropriate to the combined needs of pedestrian use as a public footpath and vehicular use as an access to the residential development.

I can therefore confirm that implementing this application would meet with our approval as the Highway Authority in respect of Public Rights of Way, **provided that a written specification is submitted to and agreed by the Local Planning Authority, as specified in Condition 19 of the Decision Notice.**

Many thanks,

Petronella Nattrass
Countryside Access Development Officer
