Subject: FW: Responses to latest queries from Havant BC

Dear David,

Please find attached further information as requested in relation to your email of 10th July:

- Letter responding to each query.
- Completed questionnaires responding to the parking issues raised by HBC.
- Supplementary AIA for the proposed access widening at Old Copse Road/River Way
- Updated Travel Plan which has been agreed with Hampshire County Council

I would be grateful if you could confirm receipt and let me know if you have any further comments or queries.

Shortly (or perhaps Monday morning) I hope to send you the updated landscape plan to address the points related to the acoustic fence and access widening at River Way.

I will call you on Monday morning to confirm any outstanding matters.

Kind Regards,

Lee
