13 Oct - October 2014.

Dear Jacky,

Re: 36 Havant Road, Hayling Island, PO11 0PX.

With reference to the above application site and to your queries dated 10th October 2014, regarding trees on the site, I have the following observations to make:

The only trees on the site are the existing mature tree, close to the front (western) boundary, as shown on the Site Layout and three mature trees of no special significance. The position of these old trees is shown on the plan at 1:500 scale, which accompanies my letter. The only boundary features (north, south and east) are close boarded fences. Other than that, the Site Layout shows an indicative planting scheme. I hope the foregoing confirms the physical characteristics of the site and will now enable the application to be formally registered.

Kind regards.

Dan.
