105 Havant Road APP/14/01180

Richard

In respect of the above application I have the following comments:

No tree removal is required to facilitate this project. The supporting arboricultural evidence is comprehensive and provided that the methodology prescribed in the Technical Arboriculture report MS & TPP is strictly adhered to (inclusive of site monitoring works) the Lime trees tree will survive the development unscathed and to continue to grow on safely and healthily in the future.

Therefore I have no objections to this scheme in arboricultural terms.

Thanks
J
