Sally
The planting plan is agreed apart from a couple of small changes:

- Replace *Acer platanoides* and *Castanea sativa* in the thicket mix with *Corylus avellana* and *Prunus spinosa* which are more appropriate.
- Provide a 18-20cm *Quercus robur* on the west side of the building to match the one to the east - suggested location is the shrub bed with *Viburnum davidii* in it.
